San Luis Obispo, California 93401**

Public Notice No. R3-2006-0037
NPDES No. CA0048127

**NOTICE OF PUBLIC HEARING
REVISION OF WASTE DISCHARGE REQUIREMENTS
(National Pollutant Discharge Elimination System Permit)
FOR
CITY OF LOMPOC,
REGIONAL WASTEWATER RECLAMATION PLANT,
SANTA BARBARA COUNTY
AND
INDIRECT DISCHARGERS AND LOCAL SEWERING ENTITIES OF
VANDENBERG AIR FORCE BASE, VANDENBERG VILLAGE COMMUNITY
SERVICES DISTRICT**

On the basis of preliminary staff review, the record in this matter, and application of lawful standards and regulations, the California Regional Water Quality Control Board, Central Coast Region tentatively proposes to revise the National Pollutant Discharge Elimination System (NPDES) Permit for the wastewater discharge from the City of Lompoc Regional Wastewater Reclamation Plant (LRWRP)

The City of Lompoc Regional Wastewater Reclamation Plant owns and operates a trunk sewer line and a wastewater treatment plant (WWTP). The LRWRP recently completed an upgrade of the WWTP. The upgraded WWTP uses an ultraviolet disinfection system and no longer uses chlorine. The only revision to the NPDES Permit at this time is to remove monitoring requirements for chlorine. The Water Board will only accept comments pertaining to the removal of chlorine monitoring requirements at this time.

Persons wishing to comment on the draft order must submit comments or evidence in writing to the address above no later than **December 28, 2009**. The Central Coast Water Board will not accept comments or other written submissions on the Draft Order after **December 28, 2009**, unless the Chair rules that exclusion would create a severe hardship and that the late submission will not prejudice any party or the Central Coast Water Board. Any person asking to submit materials late must explain why the materials were not submitted earlier. The Chair will rule at or before the hearing. Late submissions that consist of evidence (as opposed to policy statements or comments) are generally prejudicial unless all designated parties and Central Coast Water Board staff have time to consider the evidence before the meeting.

The Central Coast Water Board will hold a public hearing to obtain oral public comments and consider reissuing the NPDES Permit at 8:30 a.m. on Thursday, February 4, 2010, at

the:

Central Coast Water Quality Control Board
895 Aerovista Place, Suite 101
San Luis Obispo, CA 93401

Interested persons are invited to attend and provide oral comments on the proposed permit revisions. Persons making comments should confine their statements to the proposed revisions. For the accuracy of the record, all important testimony should be submitted in writing. Oral statements should be brief to allow all interested persons time to be heard.

The draft order is posted on the Water Board's website:

http://www.waterboards.ca.gov/centralcoast/board_decisions/tentative_orders/.

The draft order, report of waste discharge, staff report, related documents, and all comments and evidence received may be inspected and copied at the office of the Water Board, 895 Aerovista Place, Suite 101, San Luis Obispo, California, on weekdays between the hours of 8:00 a.m. and 5:00 p.m. Please direct comments and questions to **Ryan Lodge at (805) 549-3506** or rlodge@waterboards.ca.gov, or Burton Chadwick at (805) 542-4786.

Please bring the foregoing to the attention of any persons known to you who would be interested in this matter.
